

An Asian View of Education...

Come to Hong Kong and Singapore with the ISEA

The ISEA is conducting a study-tour to Hong Kong and Singapore over the NSW second term school vacation (5 July–16 July 2010). Visits will be made to schools and educational institutions and meetings held with leading educationists in each jurisdiction. An option is also available to take part in a post-graduate, credit-earning international conference in Hong Kong conducted by the Vanderbilt University and the HK Institute of Education. The tour is organised so as to allow plenty of time to take in the fantastic sights and experiences of Hong Kong and Singapore while enjoying the companionship of colleagues from across NSW and making new contacts in two of the world's leading education systems.

All ISEA members and colleagues are invited to join this exciting tour. The ISEA has negotiated competitive rates for the tour and the costs should be tax deductible. The ISEA may provide financial support to its members upon application. The DET may also provide support upon application.

The Itinerary, Estimated costs, Payment arrangements, and a Registration form are attached.

FURTHER DETAILS: Phone the ISEA on 02 9181 5879 or email ron.ikin@bigpond.com
